ABOUT ME

Flutter Developer with hands-on experience delivering 8+ mobile projects, including 4 live applications published on Google Play Store and Apple App Store. Proficient in Dart, GetX, Firebase, and RESTful APIs, with a strong focus on clean architecture, scalable code, and performance. Experienced in production debugging and collaborating with teams to turn business requirements into reliable, production-ready mobile applications.

TECHNICAL SKILLS

Core & Mobile
Dart, Flutter Framework, Android & iOS Platforms

State & Architecture
GetX, Bloc, MVC, Clean Architecture

Backend & Database
RESTful APIs, JSON, Firebase, Shared Preferences

Tools & Platforms
Android Studio, VS Code, Postman, Git, GitHub

App Publishing
Google Play Console, App Store Connect

WORK EXPERIENCE & PROJECTS

Flutter Developer 12/2025
Sparktech Agency Dhaka,Bangladesh

- Developing, testing, and maintaining production-ready cross-platform mobile applications for Android and iOS.
- Collaborating with cross-functional teams to implement state management (GetX) and clean architecture, ensuring code scalability.
- Integrating complex RESTful APIs and Firebase services to enhance app performance and real-time data handling.

KEY PROJECTS

1. Privae – Food and Chef Hiring App

- **Marketplace Platform:** Developed a comprehensive Flutter app connecting professional chefs with customers.
- **Core Features:** Implemented chef discovery, real-time booking, interactive scheduling, and secure order management systems.
- **Tech Stack:** Flutter, Dart, Firebase, RESTful APIs, GetX

App Store: https://apps.apple.com/us/app/privae/id6756812318

2. *BeautyRun*

- **E-commerce & Delivery:** Contributed to a beauty products delivery platform, optimizing user authentication and real-time order management.
- **Bug Fixing:** Improved application stability and user experience by resolving critical runtime bugs and refactoring UI components.
- **Tech Stack:** Flutter, Dart, Firebase, RESTful APIs, GetX

Google Play: https://play.google.com/store/apps/details?id=com.beauty.users

3. Sparky Tools

- **Utility App:** Built and maintained an electrical utility application featuring 9 essential industry calculators (e.g., Ohm's Law, Voltage Drop, Solar Panel Calculator).
- **Optimization:** Designed responsive, high-performance user interfaces for professional electricians across Android and iOS.
- **Tech Stack:** Flutter, Dart, Firebase, RESTful APIs, GetX

Google Play:
